EDUCATION

Kalinga Institute of Industrial Technology (KIIT)

Master of Computer Applications

2023 - Present

Current CGPA: 9.62/10

Marwari College Ranchi, Ranchi University

Bachelor of Science In Information Technology

2020 - 2023

CGPA: 8.74/10

St. Xavier's College Ranchi

Higher Secondary Examination

2018 - 2020

Percentage - 81.20

PROJECTS

AI Chat App | ReactJS, NodeJS, Chat Engine

Feb - May 2024

- Built a full-stack chat app using ReactJS, NodeJS, featuring real-time messaging and image previews.
- Integrated ChatGPT API from OpenAI, allowing the app to provide AI-generated responses and code suggestions.
- Used Chat Engine tool to integrate chatting feature and develop a Node.js backend to handle user requests, chat functionalities, and AI interaction smoothly.

Voting App | NodeJS, MongoDB

Oct - Dec 2023

- Developed a secure voting system using NodeJS and MongoDB with real-time updates.
- User Authentication: Implemented Aadhaar verification to ensure eligibility and prevent duplicate voting.
- Created admin functionalities for managing electors, candidates, and data access control.

NotExpert | A Learning Platform for CS Students (Team Project)

Jun - Sep 2023

- Created a web page with HTML, CSS, JavaScript, Bootstrap, and Tailwind for IT students, featuring roadmaps, coding guides, notes, and resources for collaborative learning.

EXPERIENCE

Timechain Labs - (Full Stack Developer)

May 2024 - Jul 2024

Summer Intern

- Actively contributed to enhancing both the backend and frontend aspects of the company's core website, focusing on improving overall functionality and user experience.
- Worked with technologies like Git, Postman, ReactJS, and NodeJS in project development

Training and Certifications

PWC - (Trainee at PWC Launchpad Program 2024)

Feb 2024 - Jun 2024

Summer Intern

- Completed a learning path in IT fundamentals, RDBMS (Oracle), responsive web design, and Java programming. Gained foundational knowledge in Cloud Computing (AWS, Azure, Google Essentials) and hands-on experience with HTML5, CSS3, Bootstrap, JavaScript, Java, Git, GitHub, fundamental cloud concepts.

SKILLS

Languages: Core Java, JavaScript, SQL.

Databases: MySQL, MongoDB.

Tools/Frameworks: Git, GitHub, Postman. ReactJs, NodeJs

Non-Technical Skills: Teamwork, Leadership, Adaptability.

Extracurriculars and Achievements

- Placed 25th out of 100+ teams in the internal hackathon for Smart India Hackathon at KIIT.
- Organized and led the Error 404 Coding Challenge at KIITFest 2023 (KIIT University).
- Led DevFest 2024, the largest tech event, as a team lead with Google Developer Group Ranchi..
